Highlight your store

GREAT IDEA! WE MAKE IT HAPPEN

You want to highlight your store? You want to show everyone that you believe in what you do?
With our stunning LED solutions it is no problem at all.

Since November 2020 Sharp NEC Display Solutions Europe GmbH – LED Solutions Center is the new company name of the former S[quadrat] GmbH, which has successfully realized hundreds of LED projects around the globe in the past 16 years. Now we distinguish ourselves by service, knowledge, quality and reliability of our display solutions.

Bring your ideas to life with us, we are there for you from the first planning step.

SIX-POINT SERVICE

1

CONSULTING

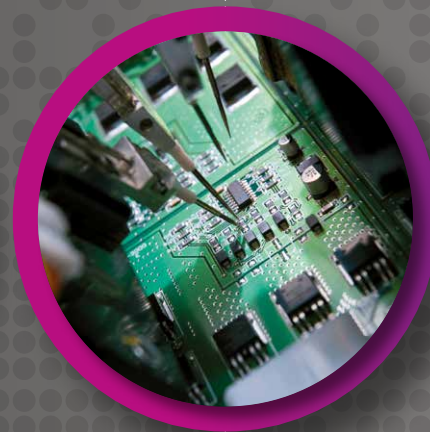

Do you have a rough idea of what your project should look and work like?
We have the expertise to implement it.
We are happy to advise you in detail and take over the planning for your project.

2

DESIGN

Our engineers create a detailed plan, calculate the statics and select the ideal LED modules for your project.

3

PRODUCTION

Every project requires a customized solution. This applies to displays as well as the associated brackets and substructures.
We produce all the components ourselves, to make sure that everything fits perfectly in the end.

DEVELOPMENT

Our in-house R&D unit is constantly developing new products and optimizing existing systems. Therefore, we can continuously expand our technical lead and find new display solutions.

Did we raise
your interest?

Please send us an email
or give us a call.
We are looking forward
to get in contact
with you.

4

CONSTRUCTION

The most important factors for a smooth process are our local specialists. Their knowledge and flexibility make them guarantors of an on-time performance.

5

TRAINING

Our trainers are real experts. They pass on their knowledge of the display system to the people who are responsible for the operation, making them experts, too.

6

AFTER-SALES SERVICE

After the project, you can rely on us just as much as during the project. Whenever you need us, we will immediately be there and solve the problem – this is a promise!

LED WALLS & WINDOW DISPLAYS STAIR & TICKER DISPLAYS

Have your shop, your mall or your flagship store presented in a meaningful way. Use our outdoor displays to make people stop and come into your sales space. Then let our indoor screens draw the attention of everyone to your products and offers. They make it possible to display content specific to the target group at any time and thus to achieve the maximum benefit for you as an advertiser.

LED Walls & Window Displays

A screen's attraction is phenomenal. Equip your salesrooms with our displays and impress your customers. Because what can be more impressive than seeing advertising spots known from TV now on a supesize display? With stunning display advertising you increase the amount of spontaneous purchases.

Stair & Ticker Displays

Continuous information. This is the most attractive characteristic of these banners. Such installations enable you to show a lot of information in a small space. Of course, you can also play videos and show images which will be brought to life by the stair and ticker displays. This way you can be sure of your customers' attention. Additionally, interesting content invites to linger longer.

SALES COUNTERS STELES & PILLARS

Sales Counters

Bars and counters equipped with integrated LED displays are genuine eye catchers in your salesrooms. They show interesting spots or attractive offers and become real entertainment centers right in the middle of your shop.

Steles & Pillars

LED steles and pillars are like lighthouses for your customers. They provide the right orientation in your salesrooms. They transport your message directly to the customers. We offer LED steles in various sizes and resolutions. The same applies to our pillars. These, however, require a minimum diameter of 1 m.
